# Lot's Foolish Choices!

Genesis 13 & 19

## Lot's decisions seem to be...

- Self-centered (based on what he saw and wanted material possessions without spiritual consideration)
- Short-sighted (based on the immediate/rash, impetuous)
- Careless
- Carnal/Shameful
- Shallow/weak

## He made decisions...

- Without consulting the Lord (no prayer, no wisdom, no \_\_\_\_\_ scriptural principles)
  - Without considering the impact on his spiritual life
  - Without considering the influence on his family
  - Without concern for the long term consequences
- \* He thought he could be immersed in a culture of ungodliness and not be affected. Did not stand up for righteousness. Became too comfortable and at home even though he was vexed from day to day.
- \* He stayed when he could have/should have left
- \* He failed to lead and guide and protect his family
- \* He struggled to leaving it all behind
